MEMORY TRICK

Postpartum Assessment

Maternal & Newborn Health | Postpartum

REMEMBER IT AS

BUBBLE-E

- **B - Breasts**
  Soft, filling, or engorged; nipple condition.
- **U - Uterus**
  Firm, midline fundus; boggy means massage.
- **B - Bladder**
  A full bladder displaces the uterus and raises bleeding risk.
- **B - Bowel**
  Bowel sounds, flatus, first stool.
- **L - Lochia**
  Rubra, then serosa, then alba; note amount and clots.
- **E - Episiotomy and Emotions**
  REEDA for the perineum; screen for postpartum mood changes.

NURSE TIP

A uterus displaced to one side usually means a full bladder.
