Anticoagulant Labs and Antidotes

Pharmacology | Hematologic / Oncologic

REMEMBER IT AS

WarPT and HepPTT

- **Warfarin: PT / INR**
  Antidote is vitamin K.
- **Heparin: aPTT**
  Antidote is protamine sulfate.
- **Bleeding precautions**
  Soft toothbrush, electric razor, watch for black stools and bruising.

NURSE TIP

Check the right lab before each dose and report any signs of bleeding.
